PROFILE

As a passionate Full Stack Developer and AI enthusiastic, I, Justus Gitau, specialize in crafting dynamic web applications and exploring the frontiers of machine learning. My portfolio showcases a commitment to technological innovation and design excellence, with a focus on delivering seamless user experiences through the PERN stack and creative problem-solving.

WORK EXPERIENCE

UEAB Crested Crane

2023 - PRESENT

Graphic Designer

- Contribute to the Yearbook Department, designing visual narratives for Crested Crane.
- Create engaging graphics for Baratonian Magazine, immortalizing memorable university moments.

Centri Closet

2023 - 2024

Founder & Web Developer

- Founded and spearheaded Centri-Closet, an e-commerce platform catering to student needs.
- Directly involved in platform development, strategic decision-making, and business management.
- Focused on providing a seamless experience for buying and selling new and gently used items.
- Led the company through strategic initiatives to ensure sustained growth and customer satisfaction.
