

JUSTUS GITAU

ICT Officer | Systems Support | Web Developer

Nairobi, Kenya | 0729144533 | jgathiru02@gmail.com | <https://gitaujustus.vercel.app> | [linkedin.com/in/justus-gitau](https://www.linkedin.com/in/justus-gitau)

Professional Summary

ICT professional with a background in Software Engineering, focused on digitizing manual workflows and building automated systems that improve operational efficiency. Experienced in systems administration, database management, and technical user support, with hands-on experience developing web-based solutions using React and Next.js. CCNA certified (1–3), with additional strength in graphic design and digital branding. Founder of JASTUTE, a tech and design company delivering automation, development, and design solutions for independent clients. Seeking an ICT Officer role to apply this combination of systems thinking and technical execution to ensure seamless organizational operations.

Work Experience

ICT Officer (Intern) | Communications Authority of Kenya (CA)

Jan 2026 – Present

- Digitized manual licensing workflows, reducing application processing time by integrating automated data entry protocols.
- Resolved over 20+ technical tickets involving hardware diagnostics, software configuration, and OS-level troubleshooting.
- Implemented a structured digital filing system for license records, improving data organization and reducing retrieval time by 20%.
- Guided over 50+ clients through the end-to-end online license application process, ensuring compliance with regulatory requirements and reducing submission errors.
- Managed data entry of licensee details into the ISM system, ensuring accurate tracking and status monitoring of telecommunication license applications.

Founder & Lead | JASTUTE, Nairobi, Kenya

Ongoing

- Founded and oversee a tech and graphic design company delivering client projects across web development, automation, and brand identity.
- Led projects for clients including Rays of Hope Neurodiversity and DS Toriet Group, spanning graphic design and digital solutions.
- Manage end-to-end client engagements, from scoping through delivery, across web development, automation tooling, and visual design.

Graphic Designer | Unique Brand Creatives (UBC), Eldoret, Kenya

Sep 2025 – Feb 2026

- Design marketing and brand materials to promote UBC and its flagship product, the OptiBiz Suite, a comprehensive business management solution.
- Create digital campaigns, social media visuals, and promotional designs that highlight the suite's key systems including CRM, HRM, POS, ERP, EDU, and LAW.
- Collaborate with the marketing and product teams to ensure brand consistency across all visual assets and advertising channels.
- Develop engaging motion and static graphics used in digital ads, product launches, and client presentations.
- Streamlined the design workflow by utilizing Adobe Creative Suite and Canva to deliver rapid, impactful creative solutions for diverse business modules.

ICT Intern | Hillgan Innovations

May 2024 – June 2025

- Assisted in developing and testing ICT systems to support business operations.
- Provided user support and basic system maintenance for internal teams.
- Participated in ICT projects that improved data management and application efficiency.
- Assisted in installation and configuration of computer systems and applications.
- Conducted data entry, content updates, and system performance checks.
- Reported and documented technical faults for timely resolution.
